

## MY LIBERTA

At Imperia

15<sup>th</sup> October 2015

This is to verify that Mr. Christopher Benson, British passport number 093217686 has been employed on the privately registered motor yacht 'Liberta', as Chef, from 21<sup>st</sup> May 2015 until 7<sup>th</sup> October 2015.

Chris was specifically employed for the summer Mediterranean cruising season to cater for 8 crew and two families with their guests.

During this period we had a total of 7 cruises with frequent re-location passages upon completing one cruise and prior to the next with cruising grounds ranging from the Balearic Islands in the west, Italy, South of France, Croatia and Montenegro to the Greek Islands in the East via plus a bunker call in Turkey.

Due to the cruising areas not being well coordinated between the two families a great deal of time was spent at sea with the remainder preparing for guest arrival.

Chris was responsible for all meal planning (with guest input at times), purchasing and preparation with a large emphasis on providing fresh produce for each meal irrespective of where we may have been at the time which involved Chris having early starts, frequently at anchor, in order to hunt down the best that was available.

After each visit the families thanked Chris for his efforts and I can only conclude that they were very happy with his services.

Chris was also good company for the remainder of the crew keeping us all well fed during the summer.
